ABSTRACT

Several intermediate performance objectives and corresponding criterion measures are listed for each of three terminal objectives for an exploration of home furnishing, equipment, and services occupations course for eighth and ninth grade students. The materials were developed for a 12- to 18-week course designed to provide exploration opportunities in interior design, related textiles, reupholstery, slip covering and drapery making, furniture, equipment and accessories, housing, related agencies and legislation, and operation of home furnishings, equipment and services enterprises. A curriculum objective test is also included. (This manual and 54 others were developed for various secondary level vocational courses using the System Approach for Education (SAFE) guidelines.)
